This property is located in the heart of a small village which has now been urbanised. This means that the property can be fully developed and restored into a family home. Currently the property is a large garage and a space for a two-storey building, originally this was a bodega/storeroom but has since been demolished. The side of the property is a garden area which is approximately 70 m². Property benefits from a nice location with tarmac access and has the facilities of mains water, electric and mains sewage available on its doorstep. In addition, it has open views to the small villages green area and then open fields with...(Ask for More Details!)
