Country house in need of complete renovation. Located in a beautiful natural setting, with privileged views, privacy, and tranquility, this property features 38000 m2 of land, and an old country house to restore of 185 m² of built area. The property currently has no connection to the electricity, water, sewer, and it is not fenced. The house can legally operate fully off-grid, offering an opportunity for those willing to build their dream and seeking independence and a sustainable lifestyle. The existing building includes a fireplace and a garage, providing a solid starting point for a complete renovation. The property is supplied by a private water cistern for domestic use.
